The Hon Julie Isabel Bishop Federal Minister for Education Science and Training

by Alex Gordon LLB

We write to you as effectively the “peak body” for Universities in Australia, and as one less likely to engage in the 'spin doctoring' of the Australian Universities or the Australian Vice-Chancellors' Committee (AV-CC). We seek your expert intervention.

WANTED: Contract PRINTERS in Asia.

Print/copy shop owners or operators anywhere in South East Asia including China, Singapore, India, Malaysia, Vietnam, Thailand, Cambodia, Hong Kong, Macau, South Korea, Philippines, Indonesia, Japan, Taiwan, New Zealand, and Sri Lanka. [Google loves a list], we invite your expression of interest in offering your printing services.

Please read our [business promotion article](#). Our initial small print run is black monochrome A4. We expect to direct much more print business to Asian firms as the Australian Print/copy businesses are overcharging and giving poor service. See our accompanying advertisements for people wanting printing done and for the Graphic Designers of print copy to produce print ready copy in .pdf format for those customers. We are happy to pay in your currency or any currency you choose. The payment would be electronically, immediately the work is done and posted. **Contact us on our PHP email at <http://AustLawPublish.com/eml.html>**

Labor bureaucrats in DIMIA (Department of Immigration and Multicultural and Indigenous Affairs) CONSPIRED with Kevin Rudd's mate, Glynn Davis, VC of The University of Melbourne[UM], to have a highly qualified mature female International Student imprisoned in Villawood for 70 days, [archived at <http://AustLawPublish.com/20070821MelBAJissue200702.pdf>] to show her that they were 'boss' and that she should not resist their cavalier repudiation of her contract with them. Additionally, we have the Corrupt labor Justice Jeff Spender in the Federal Court apropos the QUT/Laughing at/with the disabled case is proposing to make far reaching pronouncements regarding Universities and Academics, [archived at <http://AustLawPublish.com/20070813QUTAJissue200701.pdf>].

All your printing needs in one spot.

If you find Australian printing too expensive and poor quality, contact us on our PHP email at <http://AustLawPublish.com/eml.html> /. We are in the process of developing a business plan to provide to you, printing services by a variety of printers in South East Asia. Those printers will be provided with print/photo ready copy. We will arrange businesses and individual Graphic Designers in Australia , New Zealand or a country where the language of the Print job is the first language of that country, so they can produce that copy to your satisfaction prior to its going to the Asian printer. **Contact us on our PHP email at <http://AustLawPublish.com/eml.html>**

Knowing this, why would any international student choose an Australian University? We, at Australian Law Publishers Pty Ltd, believe these matters should be remedied rather than concealed from International Students.

We have just launched Alumni Journals for the Alumni of each of the 41 Universities in Australia, [archived at <http://AustLawPublish.com/austlawpublishAlumniJournals.html>].

While each university promotes how wonderful it is to International Students, and there is a Ranking of the Quality of Degrees from each of the Universities, there is no RANKING of Australian Universities for their TREATMENT OF INTERNATIONAL STUDENTS, WELL, THERE WAS NO RANKING UNTIL NOW. We have just commenced that. It is archived at <http://AustLawPublish.com/austlawpublishAlumniJournals.html#initialranking>

Just think of how Google will handle that. In effect, we are “repackaging” this news, so Google will index it for international students. Think of the number of people Internationally compared to the number in Australia who will be interested in that part of our site. We imagine there will be many. That will mean the likelihood that many websites around the world will include a hyper-

link to that part of our site. As well, we are sure there will be many world universities, groups and organisations who wish to attract International Students and who will see listing our URL as an opportunity for them to discourage students from studying in Australia, so those students may study with them. Google will detect all those inclusions of our URL, and hence give us a very high Google ranking. We already have relatively high google rankings for Australian web-pages.

We suggest it will be wonderful for Australian Universities when we can RANK Australian Universities on the basis of their GOOD and POSITIVE TREATMENT of International Students [and even of Australian Students – see archives at <http://AustLawPublish.com/20070820TUQAJissue200702.pdf> and <http://AustLawPublish.com/20070423TUQAJissue200701.pdf>].

We are concurrently publishing [another edition of our Journal: Open Letter to:](#) [archived at <http://AustLawPublish.com/20070830openlettersissue200702.philip.ruddock.pdf>], addressed to your colleague The Hon Philip Ruddock, alerting him to the Criminal Fraudulent Past of a serving Federal Court judge, Jeffrey Ernest John Spender. Given the Ogawa experience, International Students will feel that they too could need to run the corrupt judiciary gauntlet.

Graphic Designers: Business opportunity

We invite expressions of interest from Australian and New Zealand Graphic Designers who wish to provide a service to the Australian or New Zealand Community, as indicated by the above two advertisements, and this article.

We believe that by arranging better value and quality printing, we will increase the market for printed material and hence increase work for Graphic Designers being produced by TAFE around Australia.
